3. DEFINITIONS: See Glossary
4. MISSION STATEMENT/WHO WE ARE: The Green Knights Military Motorcycle Club represents the code by which the knights of old lived by and the dedication to service, traditions, and core values of our armed forces. The Green Knight MMC colors represent all branches of the armed forces.

Everyday our members have to leave their families and friends to ensure the freedoms most take for granted are protected. We serve and dedicate our lives not only to the preservation of Democracy, but to protect our country from foreign and domestic threats. It's also to aid the repressed and the opportunity to lend humanitarian support to those affected by major catastrophes. Like the knights of old we know the value of compassion and the plight of righteousness. Green Knight MMC members are the men and women who throughout the history of our country have laid their lives on the line with others giving the ultimate sacrifice so you can continue to enjoy the freedoms you have. The question was asked by

President John F. Kennedy, “ask not what your country can do for you — ask what you can do for your country”. Green Knight MMC members have asked what we can do for our country and came to her call.

As members of the military we share many common interests with one being the enjoyment of motorcycling. Our mission: to establish and maintain a spirit of comradeship and esprit de corps that will enhance the prestige of all motorcycle riders, encourage on-going rider education and skills development, and reduce the potential of motorcycle mishaps. As Green Knights we set an example for all personnel according to the standards, traditions, and customs of the Armed Forces. To operate and conduct ourselves in a manner that provides equal opportunity and treatment for all motorcyclists. We mentor those who need it and provide a safe enjoyable atmosphere. We will fight for biker rights and represent the motorcycle community on the installation.

Unlike clubs that say they are neutral and do not interfere with the business or running of other clubs, and clearly do not, we stand by our word. We are neutral and will not ever interfere with another club or their business. We would not want to dishonor ourselves in that manner. We will aid new clubs and support clubs with causes that coincide with our beliefs. In all that we do we are still military and need to abide by orders given by our leadership.

We are not a Veteran Motorcycle Club; we are a Military Motorcycle Club (MMC™) consisting of active duty, guard, reserve, retirees, DoD civilians and our families. Each chapter is sponsored by a military installation. That is our claimed territory. We do not invade other clubs territories or force other clubs out. Our desire is just to be able to enjoy our rides when we are home. Whether wearing a uniform or our colors we are representatives of our installation and the armed forces. The Green Knights MMC does not exclude any member for their race, color, religion, sex, International origin, age, or handicap. We do not use our military ranks within the club nor do we want to.

We have earned our right to exist as a motorcycle club not just by the number of chapters we have or the number of allied forces also with Green Knight MMC Chapters. It's not even the fact we have been in existence since 1999. We earn the right by our service. We earned it for those we have helped. We earned it for those lives we have saved. We earned it for bringing home those who were in danger. We earned it for standing up for those who could not. We earned it for our sacrifices. We earned it for the sacrifices our families have endured. We have earned it for those.....for those who gave the ultimate sacrifice. We have earned it.

All Green Knight MMC members are expected to hold the following
Code of Conduct to the highest regard:

Charity, Honor, Truth, Respect, Support, Loyalty, and Commitment

5. INFORMATION REQUIREMENTS: This document will be reviewed every 8 years by the International Officers with a concurrence of the top three officers. Traditional clubs remain the same as the day they were created. Like the military we adapt and change with the times always looking to better ourselves and make motorcycling experience more fun for our troops when at their home station. We like the military understands how important family is. With such the Green Knights MMC accept their member's children into the club. In a traditional motorcycle club family members let alone children are not permitted to have colors or participate in club activities. We strongly encourage family events and want to give our future a chance to be part of the club, learn from our values, and possibly start making a positive influence in this world.
